## Immigrate to Canada as a French-speaking skilled worker with Express Entry

### Why choose Express Entry?

Express Entry is an online system that makes it easy for skilled workers like you to move to Canada and start an exciting career.

### The advantage of speaking French

Canada is eager to welcome more French-speaking immigrants outside of Quebec to enhance the vitality and growth of Francophone communities. To make this happen, the Government of Canada launched several initiatives to help employers hire talented French-speaking workers, such as extra points for your French language skills in the Express Entry system.

Imagine living in a country where French is one of the two official languages. All across Canada, you'll discover vibrant, welcoming Francophone communities and interesting job opportunities that value the knowledge of both French and English.

French-speaking candidates who have been working on a Francophone Mobility work permit may be able to benefit from an exemption from the requirement for a labour market impact assessment.
